

International Conference on Gynaecological Endoscopy
Nairobi • Kenya

PRE-CONFERENCE WORKSHOPS Sunday 23rd August, 2015

◆ COLPOSCOPY ◆

Chair Person :	MBATANI Nomonde (<i>South Africa</i>)	
Faculty :	SANG Edward (<i>Kenya</i>) TAYIB Shahila (<i>Malaysia</i>)	
Venue :	Royal Orchid Azure Hotel, Nairobi	
Sponsor :	Cooper Surgical	
Participants :	25 pax	
Course Objectives :	At the completion of this course Clinicians will be able to understand the various techniques of performing Colposcopy as an adjuvant in screening for Cervical Cancer.	
Course Description :	To revise the basic principles, indications and technique of Colposcopy. The sessions will include the pattern of recognition of the different Colposcopic features ranging from normal to severe Dysplasia to varying degrees of micro invasion. The etiological factors and their management including Vulvar HPV and related genital infections will be discussed. The recommended treatment modalities will be discussed and demonstrated including the techniques of LLETZ / LEEP and Cone biopsy. Avoiding the potential complications and their management will be adequately considered.
